## **NOTIFICATION OF ASBESTOS REINSPECTION**

TO: Parents and Staff  
FROM: Keith Thomas, Superintendent  
DATE: August 1, 2026

In compliance with the U.S. Environmental Protection Agency (EPA) Asbestos Hazard Emergency Response Act (AHERA), we performed inspections of each of our school buildings for asbestos-containing building materials. The inspection findings and asbestos management plans have been on file in each school administrative office since that time.

Small amounts of asbestos were found in some of our schools. This has been encapsulated (sealed) and is not dangerous in this condition.

The results of these inspections are on file in the management plan in each principal's office. Everyone is welcome to view these anytime during the normal school day. The Asbestos Coordinator is available to answer any questions you may have about asbestos in our buildings at 528-5064.

Please sign and return so that we know you received this notice.
