August 2027

Dear Parent or Guardian:

Required Annual Title I Parent Information

Our school is a Title I school. Title I is a federal education program that gives extra help to students in schools with a high percentage of poverty so that all students can be successful.

All students in our school receive the benefits of Title I funding, regardless of their family's income level. The resources, activities, and extra staff members at our school because of Title I are great for everyone. This additional funding can be used for extra supplies, staffing, and activities that help students learn.

Your student and family will benefit from this through:

- Resources and supplies
- Extra teachers in Math, Reading, English/Language Arts, etc.
- Learning activities and incentives
- Technology tools
- Guest speakers
- Busing to activities
- And more, as determined by the school

It is also used for family engagement activities to help families and schools work together to help their students.

Your student and family will benefit from this through:

- Monthly family engagement activities
- Extra resources for families, as needed

In Cabell County Schools, we believe:

Families play an essential role in assisting their student's learning.

Families are encouraged to be actively involved in their student's education at school.

Families are full partners in their student's education and are included, as appropriate, in decision-making to assist in the education of their student.

Because of our designation as a Title I school, your input and involvement is especially important to us so we can work together to help our students succeed. Thank you for partnering with us this year.

Ryan McKenzie
Principal
